Pope Canyon Trail

Starting from the West Gate, this trail follows the original Pope Canyon Road for 1.6 miles to the lake. The deep canyon offers quiet solitude with several shoreline grassy areas for picnics and fishing.

The short trail segment starting near the main lake is a popular gathering place for groups to socialize.

Guidelines

The trail provides access for picnics and fishing. Parking is provided near the trail entrances. Please be alert for poison oak and ticks in this area. Dogs on leash are allowed. Camping and fires are not allowed. Enjoy the trail.
