Position Title: Woodland Regional Park Preserve Horticultural Intern

Founded in 2002, Tuleyome is a regional non-profit organization headquartered in Woodland, CA, with a footprint throughout the Northern Inner Coastal Range and western Sacramento Valley. Tuleyome is a Lake Miwok Indian word that means “deep home place”, illustrating our deep connection to our environment, our communities and our regional lands. ***Tuleyome’s mission is to engage in advocacy and active stewardship with diverse communities to conserve, enhance, restore and enjoy the lands in the region.***

Position Description

Tuleyome is seeking highly motivated individuals to serve as 10-week Horticultural Interns at Woodland Regional Park Preserve. The Horticultural Interns will work with Tuleyome staff, volunteers, and partners on ongoing native plant restoration and weed management efforts at Woodland Regional Park Preserve (WRPP). WRPP is a new nature preserve, jointly developed by Tuleyome, the City of Woodland, and other community partners, that is slated to open to the public by the end of 2024.

The ideal candidate would have experience, either through coursework or prior work experience, with landscaping, horticulture, or working with California native plants. They would have good communication and interpersonal skills, the ability to work with people from diverse backgrounds, and a willingness to do physical work including, but not limited to, planting, watering, mulching, and weeding with both hand and power tools.

Position Objectives

- Assist with native plant restoration and weed management efforts at Woodland Regional Park Preserve
- Produce a graphical weed management guide for use by volunteers
- Learn best practices for managing native plant landscapes
- Gain insights into the world of conservation non-profits and develop transferable skills for future careers

Qualifications

- Current college student with coursework in applied plant sciences, for example horticulture, weed management, plant taxonomy and identification, California floristics, plant ecology, plant diversity, or landscape architecture.
- Ability to work for 3 hours per week during the period of the internship, with availability to work on the weekends.
- Must have reliable transportation to get to the Tuleyome offices in Woodland and to WRPP.
